

PASSING SCENE IN OUR TOWN

In relocating Route 4--West, the main traffic bridge at the Falls in Center Rutland will soon be dismantled. The smaller structure (right, above) will be renovated and then used exclusively for pedestrian traffic.

GEORGE WOOD, TAX COLLECTOR

It is fitting at this time to congratulate George Wood on his exceptional ability as Tax Collector for our town.

During his tenure of office from 1951 to now he has reduced the total delinquent taxes from \$2,620.54 to \$393.75.

During this time he has been handed a total of \$12,232.70 in delinquent taxes and has collected \$11,838.75.

DONALD V. RUSSELL,

DANIEL A. MURPHY,

Auditors.

**RUTLAND TOWN SCHOOL DISTRICT
REPORT OF THE SCHOOL DIRECTORS
AND SUPERINTENDENT**

After the close of the school last spring your Directors and Superintendent of Schools inspected the school buildings and determined the amount of work necessary to be done in order to bring the buildings into proper condition for the next school year. There follows a report of the work done at each school.

Haiti School

The classroom was thoroughly cleaned, and such repairs were made as are necessary under a good maintenance program. The kitchen in the basement was altered so that it would be more efficient in taking care of the needs of school lunches and social affairs such as are usually held during the school year. New desks and chairs were provided.

19

Cheney Hill School

The building was thoroughly cleaned and such maintenance work done as was required to recondition the building for another school year. The exterior of the building was painted.

Dyer School

The classrooms were thoroughly cleaned and reconditioned for another school year. There has been a lack of space at this building for storage and the efficient use of the basement assembly room. To improve this situation, an addition was made on the south side of the building to give ample storage space and at the same time arrange for a new pump stand with dry well drainage. In addition, a new ceiling was put into this room. 25 new assembly chairs were purchased along with teacher's desk and chair.

Center Rutland School

All classrooms were thoroughly cleaned, the floors reconditioned, and other minor repairs which fall under the item of maintenance were attended to. The exterior of the building was painted.

The present school year might best be remembered because its events coincide with the beginning of a new period in history, national and international adventures with rockets and space missiles.

The new trend brings the importance of intensified education to the forefront in national affairs. The National Defense Act was passed to subsidize and intensify high school and college courses in special fields to enhance our country's security in this technical age. Our local responsibility is to gain the best education possible for the elementary program in grades one through eight, as we prepare our students for high school.

All but one of our teachers were retained at contract time, maintaining stability in our teaching force. Their attention to basic subject matter, adequate drill, and insistence that their pupils strive for improved achievement at school should bring the desired results. A common point stressed at faculty meetings is to gauge the pupil's native ability and then teach each individual to learn all he can. This allows the bright student to reach beyond the level of a group average.

Each year an effort is made to supply our classrooms with adequate equipment and materials. As textbooks become outdated and worn, they are revised, as well as other materials when needed. This is a continuous process, hence in no one year are all items new. In a similar way the plant and housing conditions have to be given proper upkeep, and they are presently worthy of a superior rating.

With a majority of pupils reaching their respective schools by bus, the problem of noon lunches has become important to each home, likewise to each school community. An organization works in each case to support a plan to supply lunch workers, finances to pay for food and services, helpers to make out reports, certain items for equipment to buy, and to maintain active committees. The receipt of various surplus foods from the state and federal sources are of much help, but far inadequate to make the program sufficient. Everyone should recognize and appreciate the work of those who, with the teachers and pupil helpers, make it possible to keep our school lunch program going.

We note with pride as some former pupil in our elementary school system, upon reaching high school, wins special recognition. Also, there have been winners among the elementary grades, with an eighth grade girl placing among the three top honors in a statewide essay contest recently.

Transportation has continued, with one minor change from last year, under the same arrangements. Children from Killington Avenue and Gleason Road are now carried by one of the large buses instead of by private car.

A tabulation of future enrollments, estimated from including pre-school children in the annual census, is given below. An effort is being made to use these figures to determine when additional classroom space may be required as well as to plan the allocation of children to their particular classrooms in any of the four school buildings.

	1959	1960	1961	1962	1963
Center Rutland	9	12	12	8	7
Cheney Hill	6	5	8	4	8
Dyer	..	5	2	4	3
Haiti	7	9	9	3	4
Mill Village	1	6	2	3	1
Post Road	1	2	..	3	2
Totals	24	39	33	25	25

Information of a statistical nature will be found in accompanying tables having to do with finances, school enrollment, 5 year average cost per pupil, average daily attendance, lists of eighth grade graduates and teachers and their remunerations.

The cost of providing higher education, the transportation of students, the employment of competent teachers and the providing of heat and light increases from year to year. The expense for all of the foregoing for the year starting July 1, 1959 will be even greater than for the present school year. Whereas the increased expense is considerable, we will not require any great amount for maintenance, and as we are not making any major improvements during the coming year, we can cover the expense for the next school year with a tax of \$2.70 on the Grand List. Your Board recommends that the foregoing tax be voted. We are receiving a considerable amount of state aid. However, it is well to keep in mind that the fund for state aid to schools is secured through other methods of taxing the citizens of the state. The budget for the ensuing year is set forth in another part of the report, and by comparing same with those of previous years you will easily ascertain where the increased cost of operating our schools is incurred.

We express our appreciation to the P.T.A. associations at Cheney Hill and Center Rutland, the Haiti Community Club and the Parents' Club of the Dyer section, to the teachers for the efficient and generous services rendered and to all others who in any way have contributed to the successful operation of our schools.

Respectfully submitted,

ALVA T. HOWE,

ANNA Y. BIRCHARD,

MYRON J. BEEBE,

School Directors.

FRANK O. STILES,

Superintendent.

VERMONT DEPARTMENT OF SOCIAL WELFARE MONTPELIER, VERMONT

This is the twenty-third annual report which I have made to the citizens of Rutland Town regarding State payments in your municipality of various types of assistance and welfare during 1958. The support and cooperation of town officers and people generally over this long period is gratefully acknowledged.

This year marks the greatest improvement in the assistance programs since they were inaugurated many years ago. Due to an increase in Federal funds available to the State and a fortunate combination of circumstances it has been possible to lift the ceiling in the three adult programs from \$63.00 to \$75.00 a month and in the Aid to Dependent Children program to \$45.00 for the eligible mother or relative, \$45.00 for the first child and \$25.00 for each additional child. Our food budget allowances have also been increased. This not only furnishes more financial security to the individuals themselves but should also relieve the towns and cities of much of the expense of supplementation. Although the bill has not passed the legislature at this writing, a program for nursing home care and limited hospitalization for eligible recipients of Old Age Assistance, Aid to the Blind and Aid to the Permanently and Totally Disabled has the endorsement of the town and city managers. This will relieve the towns and cities of 65 percent of the cost for which they are currently obligated. No additional state appropriation is proposed or required. Actually, the current total requests of the Department of Social Welfare for 1960-1961 are less than was appropriated for 1958-1959.

Old Age Assistance	\$7,236.00
Aid to the Blind	368.00
*Aid to Dependent Children	5,207.00
Aid to the Disabled	756.00
†Committed Children	
TOTAL	\$13,567.00

W. ARTHUR SIMPSON,
Commissioner.

*One-eighth paid by the town or city unless family is non-settled.

†One-half paid by the town or city unless family is non-settled.

REPORT OF THE VERMONT STATE DEPARTMENT OF HEALTH 1958

Through the following programs the State Department of Health works with the Health officer and other officials, doctors and local citizens on community health. This report summarizes many of the services rendered to RUTLAND TOWN last year and indicates others services available.

CHILD HEALTH SERVICES:

67 children attended 7 well-child and school conferences organized by the public health nurse. There were 22 nutrition and dietetic consultations. 6 children with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children.

COMMUNICABLE DISEASE:

13 persons received chest x-rays; 39 children received immunizing series, including booster injections, against diphtheria, whooping cough, and/or tetanus. The immunizing series against poliomyelitis were given to 83 children and adults.

DENTAL HEALTH:

The dentist or dental hygienist made 1 consultation with groups on school or town dental health problems.

ENVIRONMENTAL SANITATION:

A sanitarian or sanitary engineer made 30 inspections—consultations at the town's food and lodging places and 20 concerning water supply, sewage disposal, public buildings and other problems to protect health through improved town sanitation.

LABORATORY SERVICES:

As aids in the control of communicable disease, tests were performed on 21 water samples, 29 blood specimens and 3 other specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

MENTAL HEALTH:

1 person or group was served at the guidance clinic or through educational meetings or consultations. Services to individuals included 1 interview with the psychiatrist, psychologist or psychiatric social worker. Financial and other assistance to develop local projects for prevention, treatment or education in the field or mental health were available.

PUBLIC HEALTH NURSING:

The public health nurse's headquarters is in RUTLAND. Assisted by local people, she served at well-child and school conferences, x-ray and immunization clinics. She visited homes, doctors, and agencies, making 144 visits on behalf of 41 persons and community health activities. Her service is an essential element in the department's programs for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

ROBERT B. AIKEN, M.D., M.P.H.,
Commissioner of Health.

WARNING

The legal voters of the Town of Rutland and the Town of Rutland School District are hereby warned to meet at the Town Hall in Center Rutland, on Tuesday, March 3, 1959 at ten o'clock A.M. to act on the following matters, namely:

1. Shall the voters empower and authorize the Selectmen to appoint one or two Road Commissioners?
2. Choose all necessary officers required by law.
3. Shall the Town vote to raise money by tax or otherwise to pay current expenses of the Town, Overseer of the Poor, Highway, County and Fire protection? If by tax, how much?
4. When and to whom shall the several taxes be due and payable?
5. Shall license for the sale of Malt and Vinous beverages be granted in this Town?
6. Shall spirituous liquors be sold in this Town?
7. Shall the voters authorize the Selectmen to borrow money in anticipation of taxes?
8. Shall the Town vote to secure the services of the Rutland City Fire Department?
9. Shall the voters approve an appropriation of One Thousand Dollars (\$1,000.00) to secure the use of the Rutland Free Library to the inhabitants of the Town?
10. Shall the Town vote to take advantage of the extra One Hundred Fifty Dollars (\$150.00) per mile granted to the towns by the State, provided the Town spends not less than Twenty-Five Dollars (\$25.00) per mile of their own money on Town Roads outside of winter maintenance as provided by Sec. 2, No. 108 of the Acts of 1951?
11. Shall the Town vote its officers salaries? If so, how much?
12. Shall the Selectmen be authorized to enter into an agreement with the City of Rutland, for the use of the City Dump at the cost to the Town, based on population, at the rate of 40¢ per person with a minimum of not less than Five Hundred Dollars (\$500.00) annually, subject to the rules and regulations governing the Rutland City Dump?

13. Shall the Town School District vote to raise money by tax or otherwise to pay current expenses of the School District? If so, how much?

14. Shall the Town School District pay tuition for the higher education of the Scholars of said District? If so, how much?

15. Shall the School Board be authorized to borrow money in anticipation of taxes?

16. Shall the School District vote a sum of money not to exceed Eighty Dollars (\$80.00) for a scholarship to be awarded a worthy high school graduate of Rutland Town, who wishes to enter an institution of higher learning, particularly a Teacher's Training College?

17. To transact any other necessary, legal and proper business, which may come before said meeting.

Articles No. 1, 3, 4, 11, 13, and 14 will not appear on the Australian Ballot and will be taken up at 1:30 P.M. The polls will be closed at 3:00 P.M.

Rutland, Vermont, February 10, 1959.
